

School District No. 28 (Quesnel)
School Attendance Areas
January 2010

This document has been prepared to update the "School Attendance Areas - 1985" document. It has been prepared in consultation with the Transportation Department and School Principals. Its purpose is to provide background information to schools and their communities for planning purposes.

Section I
Secondary Schools

1. Correlieu Secondary School:

- 1.1 All students entering grades 10, 11 and 12 who reside in the Quesnel School District should attend Correlieu School.

2. Quesnel Junior School:

- 2.1 All students entering grades 8 and 9 who reside in the Quesnel School District should attend Quesnel Junior School.

Section II

School District No. 28 (Quesnel) Elementary School Attendance Areas January 2010

Please note that these boundary statements have been updated to provide more clarity.

Baker Elementary School

East Boundary

Fraser River from Antler Road north to Baker Creek, then Baker Creek to Wilma Hanson Park opposite east end of Broughton Avenue.

North Boundary

Broughton Avenue from Baker Creek to Bouchie Street, then Bouchie Street to Abbott Drive, then Abbott Drive to Allard Street.

West Boundary

Allard Street from Abbott Drive to Adams Street, then the City of Quesnel West Boundary south to the City of Quesnel South Boundary just south of Kivi Road. (Effectively this means all residences on the west side of Anderson Drive in the vicinity of Correlieu School are included within the Baker School catchment area.)

South Boundary

City of Quesnel South Boundary just south of Kivi/McRae Road.

Barlow Creek Elementary School

East Boundary

Between Troll and Wells

(The exact eastern boundary has never been specified but the most easterly students currently attending Barlow Creek School live at Ketchum Creek Forest Road, 6.3 km east of Troll.)

North Boundary

Generally, the BC Rail railway line east of the Drummond Road overpass except some students from McLean Road between the tracks and Highway 97, all students from Drummond Road and all students from Matthews Road Subdivision attend Barlow Creek School.

West Boundary

Fraser River

Barlow Creek South Boundary

Quesnel River east of the City of Quesnel boundary. Students from Williams Subdivision, Hilborn Road and Planeview (Purmal's Trailer Park) attend Barlow Creek School. (Existing students assigned to Parkland may complete their schooling at Parkland.)

Included in Barlow Creek School:

- * Both sides of Barkerville Highway from Highway 97 east to near Wells, plus tributary roads
- * Blueridge Road, Drummond Road, Callis Road, Quesnel Canyon Road and Webber Road, plus tributary roads
- * All of Bernard Subdivision
- * All of Schemenauer Subdivision
- * All of Williams Subdivision
- * Cottonwood community
- * Troll Resort
- * Planeview Trailer Court and Hilborne Road
- * Hilborn Road

Bouchie Lake Elementary School

East Boundary

Paradise Road/Patchett Road

North Boundary

Blackwater River except in the vicinity of Blackwater Crossing where residences on the Blackwater Road for about 10 kilometers north of Blackwater Crossing are included.

West Boundary

Near Udy Creek but some students between Doig Road and Udy Creek attend Bouchie Lake School while others attend Nazko Valley School.

South Boundary

Baker Creek west from Pinnacles Road to the Baker Creek bridge on Tibbles Lake Road at Baker Creek community. Residences on Tibbles Lake Road and Lavington Road south of Baker Creek are included within the Bouchie Lake School catchment area.

Included in Bouchie Lake School:

- * Barker Road, Blackwater Road, Milburn Lake Road, Norwood Road, Paradise Road, Rawlings Road on the north side of Nazko Highway, plus all tributary roads
- * Berkeley Road, Bradford Road, Lavington Road, Paley Road, Patchett Road and Tibbles Lake Road on the south side of Nazko Highway, plus all tributary roads

Carson Elementary School

East Boundary

North Star Road

North Boundary

Highway 97

West Boundary

Quesnel River and Fraser River

South Boundary

North Boundary of Red Bluff Indian Reserve

Included in Carson School:

- * All of Johnston Subdivision
- * All of Carson II Subdivision
- * Both sides of Johnston Avenue, Plywood Road and Maple Drive from Johnston Bridge east to and including Oak Avenue (Students east of Oak Avenue attend Red Bluff School)
- * Tributary roads to Plywood Road south of Maple Drive, including Lindsay Crescent, Vaneer Road and Caragana Road

Dragon Lake Elementary School

East Boundary

Beaver Creek on Quesnel-Hydraulic Road east of Bastin Road

North Boundary

Quesnel River except students on the north side of the Quesnel River at Gravelle Ferry attend Dragon Lake School.

West Boundary

Highway 97 except students on Dragon Hill Road attend Dragon Lake School.

South Boundary

Larch Road on Highway 97 and approximately Wee Road on Gook Road.

Included in Dragon Lake Elementary School:

- * All of South Hills Subdivision
 - * Both sides of Quesnel-Hydraulic Road from Highway 97 east to Beaver Creek, plus tributary road
 - * Dragon Lake Road from Quesnel-Hydraulic Road south to Johnston Road/View Drive (Some students in this area attend Lakeview School)
 - * Larch Avenue Trailer Park and Southland Trailer Park on Juniper Road (behind Cloverdale Paints)
 - * Big Horn Trailer Park, Meadowlark Trailer Park and Westland Trailer Park on or near Westland Road
- Included in Dragon Lake Elementary School (continued)

Included in Dragon Lake Elementary (continued)

- * Valhalla Road, Richards Road and Woodridge Road (Woodridge Road is incorrectly referred to as Westholm Road on the City of Quesnel map)
- * Gook Road south from Quesnel-Hydraulic Road to about Wee Road

Kersley Elementary School

East Boundary

East of Highway 97 South

North Boundary

South end of Whitecotton Road

West Boundary

Fraser River

South Boundary

Railway underpass at Macalister

Included in Kersley School:

- * Both sides of Highway 97 from Pettyjohn Road south to the railway overpass at Macalister, plus tributary roads
- * All of Kersley community
- * French Road and Hill Lake Road

Lakeview Elementary School

East Boundary

East of Johnston Road and Dale Lake Road

North Boundary

On Johnston Road: Dragon Lake Road
On Gook Road: approximately Wee Road
On Highway 97: Chew Road/Tamarack Road

West Boundary

Highway 97 from Tamarack Road to Lust Road
Arbutus Road from Lust Road to Highway 97
From Sales Road West to Red Bluff Road the boundary is approximately midway between Highway 97 and Red Bluff Road

Lakeview Elementary South Boundary

Approximately Durrell Road. Students on both sides of Durrell Road attend Lakeview School. However, students on Brotherhood Road and Dog Prairie Road north of Durrell Road attend wither Lakeview School or Red Bluff School and students on Whitecotton Road south of Durrell Road attend either Lakeview School or Red Bluff School. Students on Pettyjohn Road, Lund Road and Zschiedrich Road are officially assigned to Kersley School but only a few actually go to Kersley because no bus service is provided.

Included in Lakeview School:

* Dale Lake Road, Dragon Lake Road, Durrell Road and Johnston Road, plus all tributary roads (Some students in the vicinity of the intersection of Dragon Lake Road and Johnston Road attend Dragon Lake School and some attend Lakeview School.)

* Loloff Road and tributary roads from Highway 97 south to a point about half way to Red Bluff Road

* Sales Road East

* Sales Road West east of Symmington Road

* All of Yendrays Subdivision

* Arbutus Road, Basalt Road, Granite Road and Quartz Road

Narcosli Creek Elementary School

East Boundary

Fraser River

North Boundary

Top of Deep Creek Hill, 6.5 km north of Narcosli Creek School (The last residence before starting down the hill is at Pole 338)

West Boundary

West of West Fraser Road

South Boundary

School District *South Boundary*, approximately eight kilometres south of Marguerite Ferry Road

Parkland Elementary School

East Boundary

East of Highway 97 North

North Boundary

Railway underpass at Hixon

West Boundary

Fraser River

Parkland Elementary South Boundary

On Highway 97: between Crotteau Road and Airport Road
On Quesnel/Hixon Road: Highway 97

Included in Parkland School:

- * Highway 97 North from Crotteau Road to the railway underpass at Hixon, plus tributary roads
- * Quesnel-Hixon Road from Trout Lake (9.2 km north of Olson Road) to Highway 97, plus tributary roads
- * Clouston Road, Big Four Road, Kirby Road, Olson Road, Pollard Road and Ten Mile Lake North Road to the north of Parkland School, plus tributary roads
- * Crotteau Road and Ten Mile Lake Road to the south of Parkland School, plus tributary roads
- * Planeview (Purmal's) Trailer Court, Hilborn Road and Airport Road for existing students only - new students to attend Barlow Creek Elementary

Red Bluff Elementary School

East Boundary

Highway 97 from Ash Avenue south to Tamarack Road, via Tamarack Road, Bass Road and Arbutus Road back to Highway 97.

(Students on west side of Highway 97 north of Ash Avenue attend Dragon Lake School and students on the west side of Highway 97 from Tamarack Road to Quartz Road attend Lakeview School)

On Loloff Road: Midway between Highway 97 and Red Bluff Road

On Sales Road West: Symmington Road

North Boundary

North end of developed part of Red Bluff roughly aligned with Dragon Creek
Sales Road West

West Boundary

just west of Ellison Subdivision Road
Fraser River

South Boundary

On Highway 97: Just south Quartz Road

On Red Bluff Road: Sales Road West

- * Whitecotton Road (see comment under Lakeview School)
- * Brotherhood Road (see comment under Lakeview School)
- * Loloff Road from Red Bluff Road north to a point about half way to Highway 97
- * Sales Road West west of Symmington Road

Riverview Elementary School

East Boundary

Quesnel River (and includes the Downtown core)

North Boundary

On North Fraser Drive/Nazko Highway: Quesnel Golf Course

West Boundary

Baker Creek

South Boundary

Marsh Drive

Included in Riverview School:

* Both sides of Baker Drive and Pinnacles Road

* Both sides of Elliott Street, North Fraser Drive and Nazko Highway north to and including Mitchell Road

Voyageur Elementary School

East Boundary

Baker Creek

North Boundary

Baker Creek

West Boundary

Upper limits of developed area in Uplands

South Boundary

From Wilma Hanson Park along Broughton Avenue to Bouchie Street, then along Bouchie Street to Abbott Drive, then along Abbott Drive to Allard Street, then along Allard Street to Adams Street

West Fraser Elementary School

(West Fraser School is no longer open. All students from this school catchment area are now in the Voyageur catchment area)

East Boundary

Fraser River

North Boundary

City of Quesnel South Boundary just south of Antler Road/Kivi Road

West Boundary

End of developed area on west side of West Fraser Road

South Boundary

Top of Deep Creek Hill

Included in West Fraser School:

- * Camille Road, Ernst Road, Garner Road, Kupferschmidt Road, Marsh Road and the 1400 Road, plus all tributary roads
- * All of Government Subdivision
- * All of Marsh Subdivision
- * West Fraser Road from just south of Kivi Road to Narcosli Creek
